Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Wednesday 08 Dec 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Rain and wind gradually easing tonight.

This Evening and Tonight:
Mostly dry for east and south Scotland, northeast England and the south of England with some clear spells and a little frost. Showers clearing Northern Ireland but continuing over Wales, central England and the far northeast. Winds gradually moderating.

Thursday:
Showers easing away northeastwards with many parts fine for a time, particularly the east. Rain returning to western parts by lunchtime then gradually moving eastwards. Becoming milder in southwest.

Outlook for Friday to Sunday:
Feeling chilly with blustery showers on Friday, but sunny spells in the east. Cloudy and mild with spells of rain through the weekend, with occasional strong winds in the northwest.
